NEW QUESTION: 1

How does HPE offer infrastructure as a service differentiator?

- A. offering a siloed technology-centric physical infrastructure
- B. using converged, software-defined, and cloud ready resources
- C. optimizing workloads with a common modular architecture
- D. providing a dedicated manual process for each infrastructure product

Answer: B

Explanation:

Explanation/Reference:

Explanation:

Hewlett Packard Enterprise has a well-established track record of infrastructure innovation and success.

HPE Converged Infrastructure, software-defined management, and

hyper-converged systems have consistently proven to reduce costs and increase operational efficiency by eliminating silos and freeing available compute, storage, and networking resources. Building on our converged infrastructure knowledge and experience, we have designed a new architecture that can meet the growing demands for a faster, more open, and continuous infrastructure.
