NEW QUESTION: 1

- A. Office Roaming Use Rights
- B. No change is needed.
- C. Step-up license
- D. New Version Rights

Answer: B

Explanation:

Explanation: With the Home Use Program (HUP), your employees can get the latest version of Microsoft Office to use on their home computers through a low-cost download.

By using the same software at home and at work, employees naturally gain skills faster, resulting in improved productivity and lower training costs.

Note: Activate HUP

Offering the Home Use Program to your employees is seamless: Use the Volume Licensing Service Center (VLSC) to activate HUP and receive a program code (work with your Software Assurance Manager to access the VLSC).

Provide your program code to employees, who can then order directly from the Home Use Program website.

NEW QUESTION: 2

You are the Office 365 administrator for your company.

Users report that they have received significantly more spam messages over the past month than they normally receive.

You need to analyze trends for the email messages received over the past 60 days.

From the Office 365 admin center, what should you view?

- A. Messages on the Message center page
- B. The Office 365 Malware detections in sent mail report
- C. The Mailbox content search and hold report
- D. The Mail protection reports

Answer: D

Explanation:

An Office 365 administrator can use the Mail Protection Reports in Office 365 to view data about malware, spam, and rule detections for up to the last 90 days.

The reports can be viewed as a graph to display trends for email messages over a period of time; in this question, for the last 60 days. The graph view will tell you if the amount of good mail, malware and spam detected has increased or decreased over the time period of the report.
