DRAG DROP
You have an Office 365 tenant that uses an Enterprise E3
subscription.
You must prevent five specific users from using Skype for
Business Online to send instant messages to external users. All
other users must be able to send instant messages to both
internal and external users.
You need to configure the environment.
Which three actions should you perform in sequence? To answer,
move the appropriate actions from the list of actions to the
answer area and arrange them in the correct order.

Answer:
Explanation:

To block external communications for specific individuals, you
should go to the Users page in the Skype for Business Admin
center, select the users whose settings you want to disable,
and then choose Edit.
After you enable external excommunications for everyone in your
company, you can selectively block external communications for
specific individuals using these steps. You then choose
External communications, and then clear the options as
appropriate before saving the changes.
