As it gets you a report for your mock test, [72400X Preparation Store](#) which enables you to measure that where you need to put more efforts, If you feel difficult in choosing which version of our SAP-C01-KR training online, if you want to be simple, PDF version may be suitable for you.

100% Pass Guaranteed or Full Refund Tinova-Japan SAP-C01-KR braindumps can ensure you a passing score in the test, SAP-C01-KR We are committed to providing you with the latest available Amazon exam preparation products at the best prices.

NEW QUESTION: 1

A software development customer's data center has servers from three different vendors. The customer plans to purchase 15 HPE c7000 enclosures that are populated with BL460c Gen9 blades. Each enclosure will be deployed with HPE OneView advanced licensing. The customer uses third-party SNMP-based management tools as well as some custom dashboards that were written to monitor the statue of the datacenter.

The infrastructure management team is concerned about how to integrate HPE OneView into its management strategy. What should the architect demonstrate?

- A. how to use HPE OneView as the dashboard for the existing monitoring tools using the REST API
- B. how to access HPE OneView data and incorporate it into the internally developed dashboards using the iLO RIBCL command language
- C. how to point the existing servers to the new HPE OneView instance for all SNMP traps
- D. how to access HPE OneView data and incorporate it into the internally developed dashboards using the REST API

Answer: D
