- B.** Dave is currently editing rule no.6 and has marked this rule for deletion.
- C.** Dave is currently editing rule no.6 and has deleted it from his Rule Base.
- D.** Jon is currently editing rule no.6 but has not yet Published his changes.

Answer: D

Explanation:

Explanation/Reference:

Explanation:

When an administrator logs in to the Security Management Server through SmartConsole, a new editing session starts. The changes that the administrator makes during the session are only available to that administrator. Other administrators see a lock icon on object and rules that are being edited. To make changes available to all administrators, and to unlock the objects and rules that are being edited, the administrator must publish the session.
