NEW QUESTION: 1

Consider the scenario that a technical expert accidentally trips over the power cord of a DB2 pureScale cluster node, bringing the node offline. Assume the cluster contains a SECONDARY cluster caching facility and other DB2 members. What will be the outcome of this situation if the node was hosting both the PRIMARY cluster caching facility and a DB2 member?

A. The secondary cluster caching facility will be in SYNC

state. All client connections will be terminated and will need to be re-issued by the client.

B. The secondary cluster caching facility will become the primary. All client transactions sent to be processed by the offline server will be re-routed to the remaining members within the cluster.

C. DB2 pureScale cannot host both the cluster caching facility and a member on a single host.

D. The cluster will put all transactions on hold until the server is back online.

Answer: B

NEW QUESTION: 2

Project managers should pay attention to critical and subcritical activities when evaluating project time performance. One way to do this is to analyze 10 sub critical paths in order of ascending float. This approach is part of _____

A. Simulation

B. Trend analysis

C. Variance analysis

D. Earned value management

Answer: C

Explanation:

Explanation/Reference:

Explanation:

Performance of variance analysis during the schedule monitoring process is a key element of time control.

Float variance is an essential planning component for evaluating project time performance.

NEW QUESTION: 3

Which object may be used during query optimization to improve the performance for a subset of SELECT queries?

A. Read Only Cursor

B. MQT

C. Trigger

D. Stored Procedure

Answer: B

NEW QUESTION: 4

DRAG DROP

Your company uses Office 365 and Microsoft SharePoint Online. You are the SharePoint Online administrator.

You need to set up resource monitoring and quota monitoring for the environment.

What should you do? To answer, drag the appropriate terms to

the correct targets. Each term may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

Answer:
