So just buy our SCA_SLES15 exam questions, You can make regularly plans to achieve your success effectively because our

SCA_SLES15 exam torrent is effective.

NEW QUESTION: 1

Answer:

Explanation:

Explanation

Box 1: COALESCE

COALESCE evaluates the arguments in order and returns the current value of the first expression that initially does not evaluate to NULL.

If MiddleName is NULL, FirstName must be displayed. If both FirstName and MiddleName have null values, the word Unknown must be displayed.

The following example shows how COALESCE selects the data from the first column that has a nonnull value.

```
SELECT Name, Class, Color, ProductNumber,  
COALESCE(Class, Color, ProductNumber) AS FirstNotNull  
FROM Production.Product;
```

Not NULLIF: NULLIF returns the first expression if the two expressions are not equal. If the expressions are equal, NULLIF returns a null value of the type of the first expression.

Box 2: COALESCE

If RegionCode is NULL, the word Unknown must be displayed.
