So it is convenient for you to have a good understanding of our SK0-005 exam questions before you decide to buy our SK0-005 training materials, SK0-005 exam helps you in becoming CompTIA Server+ Certification Exam, CompTIA Server+.

#### **NEW QUESTION: 1**

You are being asked to help a customer that is having issues with their new OLTP application that they have just connected to their existing VNX.

The OLTP Administrator has created a 2 TB pool LUN on 8 NL-SAS drives in a 6+2 raid 6 configuration. The customer does not have the budget to purchase more hardware this quarter but does have a mixture of SAS and NL-SAS drives you can use.

What configuration would you recommend to the customer?

- A. Leave the data as is
- B. Raid 6 on SAS Drives
- C. Raid 1/0 on SAS drives
- D. Enable FAST Cache on the pool

**Answer: C**

## **NEW QUESTION: 2**

You have an Azure subscription that is used by four departments in your company. The subscription contains 10 resource groups. Each department uses resources in several resource groups.

You need to send a report to the finance department. The report must detail the costs for each department.

Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

**Answer:**

Explanation:

Explanation

Box 1: Assign a tag to each resource.

You apply tags to your Azure resources giving metadata to logically organize them into a taxonomy. After you apply tags, you can retrieve all the resources in your subscription with that tag name and value. Each resource or resource group can have a maximum of 15 tag name/value pairs. Tags applied to the resource group are not inherited by the resources in that resource group.

Box 2: From the Cost analysis blade, filter the view by tag After you get your services running, regularly check how much they're costing you. You can see the current spend and burn rate in Azure portal.

\* Visit the Subscriptions blade in Azure portal and select a subscription.

\* You should see the cost breakdown and burn rate in the popup blade.

\* Click Cost analysis in the list to the left to see the cost breakdown by resource. Wait 24 hours after you add a service for the data to populate.

\* You can filter by different properties like tags, resource group, and timespan. Click Apply to confirm the filters and Download if you want to export the view to a Comma-Separated Values (.csv) file.

Box 3: Download the usage report

**NEW QUESTION: 3**

An external provider is late with the delivery of a finished item. As a measure of goodwill, and to maintain the project schedule, the provider offers to bear the cost of renting a temporary system. Since no schedule slippage will occur, what should the project manager do next?

**A.** Account for this additional resource in the work breakdown structure (WBS).

**B.** Take no further actions because there is no schedule slippage.

**C.** Update the project documents.

**D.** Conduct the Perform Integrated Change Control process.

**Answer: D**
