NEW QUESTION: 1

HOTSPOT

Your organization sells products online. You store all product information in a secure Microsoft SQL Server database. Members of the online marketing team only access the database by using

an online website administration application. The organization's sales and product development teams do not have direct access to database. Single sign-on is enabled in the environment.

You identify the following requirements for the sales and product development teams:

You need to provide access to the product database while leveraging out-of-the box SharePoint functionality.

Which actions should you perform in sequence? To answer, select the appropriate options in the answer area.

Answer:

Explanation:

NEW QUESTION: 2

A project team has decided that it wishes to adopt an agile/iterative approach to a development project. The following principles have been agreed upon to guide the selection of elicitation techniques:

1) We will embrace the evolutionary and re-factoring principles of iterative development in our approach to requirements elicitation.

2) We need to build a broad (but basic) understanding of how teams work together in the current business situation.

3) We need to build strong personal relationships to ensure we can instil empowerment and collaboration in the team.

Which of the following sets of elicitation techniques would support all these principles?

A. Scenario analysis, observation, survey

B. Interviews, workshops, observation

C. Interviews, prototyping, scenario analysis

D. Prototyping, scenario analysis, document analysis

Answer: C

NEW QUESTION: 3

An engineer is describing QoS to a client. Which two facts apply to traffic policing? (Choose two.)

A. Policing adapts to network congestion by queuing excess traffic.

B. Policing should be performed as close to the destination as possible.

C. Policing drops traffic that exceeds the defined rate.

D. Policing should be performed as close to the source as possible.

E. Policing typically delays the traffic, rather than drops it.

Answer: B,C

NEW QUESTION: 4
