**NEW QUESTION: 1**

You need to design the deployment of the planned Edge Server. Which four actions should you include in the design?

To answer, move the four appropriate actions from the list of actions to the correct order.

Select and Place:

**Answer:**

Explanation:

Explanation: Topic 2, Margie's Travel

Overview

General Overview

Margie's Travel is an executive travel company that has 7,000 employees. The company has a sales department and a research department.

Physical Locations

The company has a main office and two branch offices.

The main office is located in Montreal.

The branch offices are located in New York and Seattle.

The number of users in each office is shown in the following table.

All offices connect to each other by using a WAN link.

Existing Environment Active Directory Environment

The network contains one Active Directory forest named margiestravel.com. Each office is configured as an Active Directory site.

#### Lync Server Environment

The company has a Lync Server 2010 infrastructure in the Montreal office.

The network contains four servers.

The servers are configured as shown in the following table.

Lync Server 2013 Standard Edition is deployed in the Montreal office as a pilot on a separate network segment.

You create several test users on the Lync Server 2013 pilot.

#### User Issue

An administrator modifies the global client version policy of the Lync Server 2013 pilot deployment. After the modification, Lync Server 2013 users report that they fail to sign in to Microsoft Lync 2010 and they receive the following error message.

#### Requirements

##### Planned Changes

After a successful pilot program, the company plans to deploy Lync Server 2013 on the production network for all users.

The Lync Server 2013 deployment will include the following roles:

Edge Server

Front End Server

Mediation Server

Monitoring Server

Office Web Apps Server

Lync Server 2013 and Lync Server 2010 will coexist for six months.

##### Monitoring Requirements

A monitoring solution must save call quality data for 180 days.

##### Backup Requirements

An administrator plans to perform a weekly manual backup of the Lync Server databases. The backup files will be copied to an offsite location.

##### Conferencing Requirements

The company plans to implement a conferencing solution to meet the following requirements:

The company's executives must be able to create conferences that contain up to 250 participants.

The company's managers must be able to create conferences that contain up to 50 participants.

All other users must be prevented from creating conferences that contain more than 15 users.
