NEW QUESTION: 1
You are setting up the Active Directory group login for the Application Object Server (AOS) accounts on the database server. To which of the following Microsoft SQL Server database roles must the group login be added in Microsoft Dynamics AX

2012? (Choose all that apply.)
A. db_datareader
B. db_accessadmin
C. db_ddladmin
D. db_owner
E. db_datawriter
F. db_securityadmin
Answer: A,C,E

NEW QUESTION: 2
Management has grown weary of the many surprises, mostly
negative, that occur on your projects. In an effort to provide
stakeholders with an effective performance metric, you will use
the to-complete performance index (TCPI). Its purpose is
to_____
A. Determine the cost performance needed to complete the
remaining work within management's financial goal for the
project
B. Determine the schedule and cost performance needed to
complete the remaining work within management's financial goal
for the project
C. Predict final project schedule and costs
D. Predict final project costs
Answer: A
Explanation:
Determine the cost performance needed to complete the remaining
work within management's financial goal for the project The
TCPI takes the value of work remaining and divides it by the
value of funds remaining to obtain the cost performance factor
needed to complete all remaining work according to a financial
goal set by management. [Monitoring and Controlling]
, Guide, 2013, 224
