Answer: C

NEW QUESTION: 3

- A. Option C
- B. Option D
- C. Option A
- D. Option B

Answer: A

Explanation:

Explanation: A stack is the appropriate collection here. In computer science, a stack or LIFO (last in, first out) is an abstract data type that serves as a collection of elements, with two principal operations: push, which adds an element to the collection, and pop, which removes the last element that was added.
