We can guarantee all BL00100-101-E test dump are valid and accurate so that we can help you pass exam certainly, Only know the outline of the BL00100-101-E exam, can better comprehensive review, in the encounter **Exam BL00100-101-E Collection Pdf** with the new and novel examination questions will not be confused, interrupt the thinking of users.

allows you takes only 20 to 30 hours to practice before you Valid Test BL00100-101-E Format take the exam, As an emerging industry, internet technology still has a great development space in the future.

We sincerely will protect your interests from any danger, Now many IT professionals agree that Nokia certification BL00100-101-E exam certificate is a stepping stone to the peak of the IT industry.

And we have helped so many of our customers achieve their certifications according to our BL00100-101-E learning guide, Ignore this kind of words, now we are going to show you something---the BL00100-101-E Valid Exam Notes Nokia Bell Labs 5G Certification - Associate valid training collection, the best assist will kill all above comments of someone.

Now you can enjoy the glimpse at the actual BL00100-101-E exam questions that you have to solve in the real Nokia exam, And

our BL00100-101-E preparation questions can help you not only learn the most [COBIT-2019 Online Training Materials](#) related information on the subject, but also get the certification with 100% success guarantee.

**NEW QUESTION: 1**

A file sharing application is being permitted and no one knows what this application is used for.

How should this application be blocked?

- A. Block all unauthorized applications using a security policy.
- B. Block all known internal custom applications.
- C. Create a File Blocking Profile that blocks Layer 4 and Layer 7 attacks.
- D. Create a WildFire Analysis Profile that blocks Layer4 and Layer 7 attacks.

**Answer: C**

Explanation:

Explanation/Reference:

The firewall uses file blocking profiles two ways: to forward files to WildFire for analysis or to block specified file types over specified applications and in the specified session flow direction (inbound/ outbound/both). You can set the profile to alert or block on upload and/or download and you can specify which applications will be subject to the file blocking profile. You can also configure custom block pages that will appear when a user attempts to download the specified file type. This allows the user to take a moment to consider whether or not they want to download a file.

Incorrect Answers:

D: Use a WildFire analysis profile to enable the firewall to forward unknown files or email links for WildFire analysis. Specify files to be forwarded for analysis based on application, file type, and transmission direction (upload or download).
