It is software that simulates the real exam's scenarios, Free **C-HCMOD-01 Free Exam Dumps** demos are understandable materials as well as the newest information for your practice, At first you can freedownload part of exercises questions and answers about SAP certification C-HCMOD-01 exam on Tinova-Japan as a try, so that you can check the reliability of our product.

You can re-practice or iterate the content of our C-HCMOD-01 exam questions if you have not mastered the points of knowledge once.

NEW QUESTION: 1

You have 100 computers that run Windows 10. You have no servers. All the computers are joined to Microsoft Azure Active Directory (Azure AD).

The computers have different update settings, and some computers are configured for manual updates.

You need to configure Windows Update. The solution must meet the following requirements:

The configuration must be managed from a central location.

Internet traffic must be minimized.

Costs must be minimized.

How should you configure Windows Update? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation
