Explanation:

Reference:<http://krypted.com/mac-security/using-the-software-update-service-on-mountainlion-server/>

NEW QUESTION: 2

What is the primary role of a z Systems seller in driving an anti-fraud solution opportunity that is targeted at the line of business responsible for payments?

- A.** Opportunity Identification - identify the gap, understand how the solution addresses it, and engage proper Subject Matter Experts.
- B.** Opportunity Ownership - identify the gap, understand how the solution addresses it, and drive it through line-of business executives.
- C.** Fulfillment - once the client team and/or IBM services have sold the solution, order the required z Systems components.
- D.** Solution Architecture - identify the gap, customize the solution with the proper software and hardware components, and drive it through line-of-business executives.

Answer: D

NEW QUESTION: 3

Scenario: A Citrix Architect is designing a new Citrix Virtual Apps and Desktops environment. Currently, the environment is configured as 2 locations with identical Citrix Virtual Desktops Sites. Each Site has 2 Delivery Controllers, 2 StoreFront servers, and 1 Citrix ADC high-availability pair. The same applications have been published from both Sites for all users. Two zones (Zone A and Zone B) are configured in each Site with 1 Delivery Controller in each zone. The Microsoft Exchange server is only accessible from Virtual Delivery Agent (VDA) machines in Zone A in each Site.

Six access requirements have been identified:

- * Users should have a single URL when accessing resources from different Sites.
- * Users should always connect to the data center closest to their location.
- * Applications added to Favorites within the Citrix Workspace app should be retained when accessed from different Sites.
- * Launched applications and desktops should always connect through a local Citrix ADC.
- * No duplication of applications published from different Sites.
- * Microsoft Outlook should always launch in Zone A.

What should the architect recommend configuring subscription synchronization to retain applications added to Favorites?

- A.** Between server groups across the Sites
- B.** Within server groups of each Site
- C.** Within stores of each Site
- D.** Between stores across the Sites

Answer: C
