**NEW QUESTION: 1**
Which three statements are true about the shared directories
defined in the /etc/exports file?
**A.** By default, a directory is shared with root squashed.
**B.** By default, a directory is shared read only.
**C.** By default, a directory is shared read write.
**D.** By default, a directory is shared with no root squashed.
**E.** By default, a directory is shared sync.
**Answer: A,B,E**
Explanation:
Explanation
C (not A): Very often, it is not desirable that the root user
on a client machine is also treated as root when accessing
files on the NFS server. To this end, uid 0 is normally mapped
to a different id: the so-called anonymous or nobody uid. This
mode of operation (called 'root squashing') is the default, and
can be turned off with no_root_squash.
E: In releases of nfs-utils up to and including 1.0.0, the
async option was the default. In all releases after 1.0.0, sync
is the default, and async must be explicitly requested if
needed.

**NEW QUESTION: 2**

**A.** Option B
**B.** Option D
**C.** Option C
**D.** Option A
**Answer: C**
Explanation:

**NEW QUESTION: 3**
The following data are taken from the Ultimate Omega's
financial statements ending Dec 31, 1985:
Increase in inventories 220
Stock's repurchased 135
Provision for warranty expenses 15
Depreciation 90
Interest paid 35
Outstanding bonds retired 225
After-tax gain on bond retirement 25
Net Income 430
Tax rate 40%
What was Ultimate Omega's operating cash flow in 1985?
**A.** 0
**B.** 1
**C.** 2

**D.** 3
**Answer: D**
Explanation:
Explanation/Reference:
Explanation:
In this case, OCF = 430 - 220 + 15 + 90 - 25 = 290. Note a few important things: Warranty provision is a non-cash expense and must be added back to net income. Gain on bond retirement is an extraordinary item and is part of financing cash flow. Hence, it must be subtracted from net income to obtain income from continuing operations. Stock repurchase and bond retirement are financing cash flows. Note that tax rate is not relevant in the indirect method since it has already been factored in the net income figure.
